Where Do You Turn For Complete Answers To Your Toughest Questions?

The BHS Technical Support Group - Another full-service solution from BHS

1.877.247.4968 1.877.BHS.4YOU

BHS is committed to excellent customer service and is always looking for new and better ways to meet your needs and the needs of your customers. That is why for your convenience, BHS has created the Technical Support Group to keep you up to date on all the latest parts, warranty and technical issues.

Now, one call puts you in touch with BHS experts who have more than 60 years of combined industry experience. One call gives you quick, convenient access to all your parts and technical support needs after the sale, including:

- Parts and order information
- Technical support and assistance
- Installation questions
- Product warranty authorization
- Returned good authorization numbers (RGAs)

**The Technical Support Help Line is open from 7:30 a.m. - 5:00 p.m. CST
Parts orders should be faxed to 314.423.5948**

BHS also has an **After-Hours and Weekends** Hot-Line feature for support and technical assistance outside of regular business hours. When you call the technical support line after hours, press option 4 and leave a message. The system immediately alerts the on call service technician to get ahold of you. You may reach us at 1.877.BHS.4YOU (1.877.247.4968). The Technical Support Group and Hot-Line are just a few more ways that BHS continues to strengthen the service and support we offer you and your business.
